PROFILE

Detail oriented DevOps Engineer with 6+ years of experience in AWS cloud infrastructure, CI/CD automation, and containerized deployments. Skilled in Terraform, Docker, and automation scripting to improve deployment efficiency, reliability, and delivery speed.

EDUCATION

IICMR	Pune, India
Master of Computer Application	2014 – 2017
DR. D. Y . Patil	Pune, India
Bachelor of Computer Application	2011 – 2014

SKILLS

Technical: AWS, Terraform, Python, CICD, Docker, Linux, Bash, PowerShell, Ansible, Monitoring

Tools: Jenkins, Harness, Git, GitHub, BitBucket, JFrog, Artifactory, Jira.

EXPERIENCE

Msys Technologies (Hybrid)	Pune, India
Software Engineer - DevOps	2021 - 2025
- Automated infrastructure provisioning using Terraform for Dev & QA environments. - Built CI/CD pipeline using Jenkins and Harness reducing deployment effort. - Implemented containerization strategies using Docker improving resource utilization. - Monitored production systems using Dynatrace and CloudWatch - Led production releases ensure stable deployments. - Automated manual tasks using python and PowerShell - Managed AWS IAM roles and security compliance. - Provide 24/7 on-call support for critical systems, ensuring high availability and rapid issue resolution. - Working with developers to install & update service packs.	
Prognosticsoft Solutions (Remote)	Pune, India
Cloud DevOps Engineer	2018 - 2021
- Automated infrastructure provisioning using Cloud Formation. - Developed Ansible automation playbooks. - Implemented disaster recovery solutions. - Monitored AWS resources improving uptime and performance. - POC on deployments EKS, ECS - Implemented migration onDeX to onPrem environment. - Contributed to post-release reviews, documenting lessons learned and identifying areas to optimize future releases, enhancing overall release efficiency.	

- Built and maintained Jenkins CI/CD pipelines.
- Coordinated deployments of new software, feature updates, and fixes.

ACHIEVEMENTS

- Employee of the month - Msys Technologies
- Improved deployment speed and reduced downtime through automation.
- Led cross-functional teams for production release management.

CERTIFICATIONS

- Generative AI Foundations Certificate Program – UpGrad (in collaboration with Microsoft)
- Applied AI & ML Essentials - Vishlesan i-Hub, IIT Patna (Pursuing)
